PART 1010—SUSPENSION ORDERS

[Suspension Order S-492]

BANKS AND BREZEL

Abraham Banks and Max Brezel are co-partners doing business as Banks and Brezel at 91 Gold Street, New York, New York, as jobbers of leather. On or about April 16, 1943, Messrs. Banks and Brezel violated General Preference Order M-80 by cutting into strips and centers and selling to finders in the trade about 2,000 bends of manufacturers whole stock of military weight and quality; the approximate weight of this leather was 16,670

pounds. The company was familiar with the provisions of the order, and its violation must be deemed wilful.

This misuse of leather of military weight and quality has hampered and impeded the war effort of the United States by diverting military leather to civilian use. In view of the foregoing, it is hereby ordered, that:

§ 1010.492 *Suspension Order No. S-492.* (a) Abraham Banks and Max Brezel, individually or doing business as Banks and Brezel or otherwise, their successors and assigns, shall not directly or indirectly, receive, accept delivery of, cut, or otherwise process any leather bends, backs or crops, unless hereafter specifically authorized in writing by the War Production Board. Nor shall any person, firm, or corporation sell or deliver to Abraham Banks or Max Brezel, individually, or as partners under any name, or for their account or order, directly or indirectly, any leather bends, backs or crops, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Abraham Banks or Max Brezel from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on February 23, 1944, and shall expire on March 23, 1944.

Issued this 21st day of February 1944.

Recording Secretary.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Regulation 18 as Amended Feb. 21, 1944]

FROZEN SCHEDULES

§ 944.39 *Priorities Regulation 18—(a) Definitions.* (1) "Producer" means any person whose production, delivery or shipping is subject to a "frozen schedule" as defined below. The term includes all divisions, branches, and plants of a corporation, association or other legal entity, but does not include any parent, subsidiary or affiliated company which is itself a separate legal person.

(2) "Frozen schedule" means a production, delivery, or shipping schedule approved or prescribed pursuant to any order listed in Appendix A of this regulation, or pursuant to any other order of the War Production Board which states expressly that schedules thereunder are to be deemed frozen schedules within the meaning of Priorities Regulation 18, whether or not the schedules are filed with the War Production Board. When any such order provides that the filing of a schedule is equivalent to approval or that a filed schedule may not

be varied without approval, the term "frozen schedule" means the schedule as filed with any modifications approved or prescribed by the War Production Board. When any such order requires the approval by the War Production Board of every purchase order for a particular type of item before the producer accepts the purchase order or delivers the item, the term "frozen schedule" includes all purchase orders on the producer's books which have been so approved, unless such order expressly states otherwise.

(b) Protection of frozen schedules.

(1) Notwithstanding any contrary provisions of any other regulation, order or other instrument issued by or under authority of the War Production Board (including AAA's and other preference rating instruments and CMP allotments), no producer shall interfere with any frozen schedule by eliminating, displacing or altering the precedence of any purchase order (unless removed from the schedule as provided in paragraph (d), (e), or (f) below) listed for production, delivery or shipment thereon in favor of any other purchase order unless he is specifically authorized or directed to do so by an order or direction of the War Production Board which identifies the frozen schedule and states on its face that it is an amendment of that schedule.

(2) An amendment of a frozen schedule may be requested of the War Production Board by the producer, by the person to whom shipment is to be made, or by the claimant agency sponsoring the program, by letter or, at the election of the person making the request, on the form required for filing shipping schedules. The request may relate to one or more purchase orders or may constitute a proposed revision of the frozen schedule.

NOTE: Paragraph (c), formerly (d), redesignated Feb. 24, 1944.

(c) Automatic scheduling of certain components. (1) The following definitions shall apply for the purposes of this paragraph (d):

(i) "Product" of a producer means the final product manufactured or assembled by that producer. It may be a complete end product or merely a part or subassembly which some other producer will incorporate into the end product.

(ii) "Component" means any part of a product which is physically incorporated in it except a controlled material as defined in CMP Regulation 1.

(iii) "Principal component" means the component which performs the principal function of the product. In the case of transportation equipment of any kind or equipment which generates electric energy, the principal component is the prime mover. In other types of motive equipment, the main driven component is the principal component.

(iv) "Auxiliary component" means any component which is physically incorporated in the principal component or is

attached to the principal component by a shaft, gears, bolt, chain or cable.

(2) When a producer's product is subject to a frozen schedule, all components of that product which are being made by the same producer shall automatically become part of that frozen schedule.

(3) When a producer's product is not subject to a frozen schedule, but the principal component of the product is made by the same producer and is subject to a frozen schedule, then all auxiliary components of that principal component which are being made by the same producer shall automatically become part of that frozen schedule.

(4) When neither the producer's product nor the principal component of the product is subject to a frozen schedule, but some other component, made by the same producer, is subject to a frozen schedule, then all components which are being made by the same producer for physical incorporation into the scheduled component shall automatically become part of that frozen schedule.

(5) This automatic scheduling shall obtain in all cases, whether or not the components which are automatically scheduled would otherwise be subject to scheduling. A schedule which has been automatically frozen shall enjoy the same protection as any other frozen schedule, except that an amendment of the schedule pursuant to paragraph (b) (1) need not identify the frozen schedule if the schedule has not been filed with the War Production Board.

(6) If any order is removed from a frozen schedule then all components of the product covered by the order cease to be part of that frozen schedule.

NOTE: Paragraph (7), formerly (6), redesignated Feb. 24, 1944.

(7) Producers are not excused from including in reports or schedules required to be filed with the War Production Board any information which is required concerning the components which they are producing. When any of the components has been automatically scheduled under this regulation, a notation to that effect must be made on the report or schedule.

(d) Cancellation and requests to hold up work on orders subject to a frozen schedule. When a person who has placed an order which has become part of a frozen schedule cancels his order, it ceases to be part of the frozen schedule. If the person does not cancel his order which has become part of a frozen schedule but merely instructs the producer to hold up work on it, the producer must remove it from the frozen schedule. If requested to do so within ten days the producer must reinstate the order as near as possible to its former place in the frozen schedule without causing loss of production or delay in the previously scheduled delivery on any other order in the schedule. If, however, in requesting reinstatement of the order, the person makes a substantial change, the

order must not be reinstated but treated as a new order as explained in paragraph (e) below.

(e) Other changes in purchase orders already placed. When a person who has placed an order which has become part of a frozen schedule makes a substantial change in the order, the general rule is that the order must be considered a new order placed on the date of the change. Unless the producer has received specific authorization for the change from the War Production Board, the order must be removed from the frozen schedule. The change is substantial if (1) it involves an alteration of the manufacturer's production schedule so as to interfere with production; or (2) it involves an alteration in the product classification of the item. If the change is not substantial, it may be made without notifying the War Production Board.

(f) Notification to the War Production Board. Whenever an order is removed from a frozen schedule, a manufacturer should make his shipments under later scheduled orders as nearly as practicable in the prescribed sequence, moving up the shipping dates of other orders. In any case where the producer foresees an appreciable acceleration of production, he must notify the War Production Board of the reason for the acceleration and the revised dates on which he expects to be able to make shipment under each purchase order affected.

(g) Reinstatement of cancelled orders. In any case, except where an order is reinstated as required under paragraph (d) above, an order which has been removed from a frozen schedule which is subsequently reinstated by the purchaser is to be treated as a new order. In such a case, and in cases where a change in the order involves the placing of a new order under paragraph (e), the acceptance or rejection of the new order and its place on the manufacturer's schedule shall be governed by conditions existing at the time the order is reinstated.

Issued this 24th day of February 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

[CMP Reg. 1, Direction 47]

ACCEPTANCE OF ORDERS FOR STEEL FOR DELIVERY FROM MILL STOCK

The following direction is issued pursuant to CMP Regulation 1:

However, to the extent that the additional material is available in mill stock, a producer may accept orders for such material in excess of the above percentages, provided such orders are such as he is permitted to accept under the provisions of paragraph (t) (3).

STEEL SHIPPING DRUMS

The following direction is issued pursuant to Limitation Order L-197:

Limitation Order L-197 contains a prohibition against the use of any steel shipping drum, new or used, for packing molasses. This direction makes an exception to that rule in the case of used drums owned by farmers.

Notwithstanding the prohibition contained in Order L-197, packers of molasses may pack it in used steel drums owned by a farmer and packed on his order for his use for ensilage. The packer may rely upon a signed statement

by the purchaser that he is a farmer, that he owns the steel drum which is to be filled and that the molasses is for his own use for ensilage. If he has knowledge of these facts, he may waive the signed statement.

PART 3291—CONSUMERS DURABLE GOODS

[Supplementary Limitation Order L-65-a]

ELECTRIC IRONS**§ 3291.316 Limitation Order L-65-a—**

(a) *What this order does.* This order controls the manufacture and delivery of electric irons. It provides for the resumption of production of these items on a limited basis. Notwithstanding the provisions of Limitation Order L-65, no person shall manufacture any electric irons except under the terms of this order.

(b) *Definition.* For the purpose of this order: "Electric iron" means any portable iron designed primarily to be used in ironing or pressing wearing apparel and having a self-contained heating element in which heat is generated by the passage of electricity.

(c) *Production of electric irons.* (1) No person shall make any electric irons except in models and quantities specifically authorized by the War Production Board on Form CMPL-150-b. Application should be made by filing Form WPB-3550 with the field office of the War Production Board for the district in which the plant where the irons are to be made is located.

(2) Each person who has a production quota assigned on Form CMPL-150-b may make in addition to that quota, electric irons in approved models to fill purchase orders or contracts calling for delivery to or for the account of the U. S. Army, Navy, Maritime Commission or the War Shipping Administration. Irons may not be made to fill even these orders by any person who has not been assigned a production quota.

(3) Manufacture of electric irons will be permitted only if labor is available and if such production can be made without interference with existing or potential war contracts. Wherever practical, each manufacturer will be permitted under

paragraph (c) (1) to make his pro rata share of the total production authorized, based on his production during 1940. However, to insure full production of approved requirements, the War Production Board may assign additional quotas to qualified manufacturers. In general, no single manufacturer will be authorized to produce more than one model of the automatic type and one model of the non-automatic type. Approval of models will be based largely on economy of production and the volume of production of the individual models by a manufacturer during 1940. The War Production Board will, from time to time or on request of any manufacturer, give notice to all manufacturers of the total production authorized and the percentage of his 1940 production authorized to each individual manufacturer.

(4) Manufacturers who made electric irons in 1940 and who are unable to produce because of interference with war work may apply to the War Production Board for permission to have another person make irons for them. Each application should be made by filing Form WPB-3550 in accordance with its instructions.

(d) *Restriction on production of certain parts.* No person other than those authorized to make electric irons on Form WPB-3550 shall make any sole plates (either cast, stamped or forged) or handles for electric irons, in a Group I labor area, except as permitted by the nearest field office of the War Production Board in writing.

(e) *Distribution.* It is the policy of the War Production Board that each manufacturer shall distribute his production through his normal distribution channels, taking into consideration shipments to areas during 1941, immigration of workers to certain areas, and such other factors as will provide equitable distribution to meet essential needs. The War Production Board may direct the distribution of specified amounts from any manufacturer's production to meet emergencies.

(f) *Preference ratings for purchase of electric irons prohibited.* No preference rating for electric irons shall be valid for any purpose. All orders bearing preference ratings may be filled as unrated orders. This does not apply to any purchase order or contract calling for delivery to or for the account of the U. S. Army, Navy, Maritime Commission or the War Shipping Administration.

(g) *Reports.* Every manufacturer producing electric irons shall file Form WPB-1600, executed in accordance with the instructions for filing that form, with the War Production Board, Washington 25, D. C., Ref: Order L-65-a, on or before the 15th day of April, July, October and January. This form is a report of the number of electric irons made and shipped during the preceding quarter.

(h) *Applicability of other orders and regulations.* This order and all transactions affected by this order are subject to the applicable regulations of the War Production Board. If any other order of the War Production Board limits the use of any material in the production of electric irons to a greater extent than does

this order, the other order shall govern unless it states otherwise.

(i) *Violations.* Any person who willfully violates any provisions of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(j) *Appeals.* Any appeal from this order should be made on Form WPB-1477 and should be filed with the field office of the War Production Board for the district in which is located the plant to which the appeal relates.

(k) *Communications.* All reports required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Consumers Durable Goods Division, Washington 25, D. C.; Ref: L-65-a.

NOTE: The reporting provisions of this order have been approved by the Bureau of the Budget under the Federal Reports Act of 1942.

Issued this 24th day of February 1944.

PART 3293—CHEMICALS¹

[Supplementary Allocation Order M-326-a as Amended Feb. 24, 1944]

CELLULOSE ESTER SHEETS, RODS, TUBES AND MOLDING POWDER

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of cellulose plastics for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3293.452 *Supplementary Allocation Order M-326-a—(a) Definitions.* For the purpose of this order:

(1) "Cellulose plastics" means plasticized cellulose ester flake, as such flake is defined in Allocation Order M-326, in the following forms:

(i) First grade rod and tube (unfabricated) produced by the wet extrusion process, but not including rod and tube produced by extrusion from molding powder.

(ii) First grade cake sheet (unfabricated), not including pieces having an area of less than two square feet, produced as a by-product of normal slicing, polishing or fabricating operations.

(iii) First grade continuous sheeting (unfabricated), not including butt rolls having less than 1 inch of material on the core, and not including trim rolls less than four inches in width, produced as a by-product of normal slitting or trimming operations.

(iv) Until April 1, 1944, molding powder, but not including scrap resulting from molding or fabrication of cellulose plastics.²

(2) "Plastics supplier" means any person who produces cellulose plastics, or who purchases cellulose plastics for resale as cellulose plastics.

(b) *Restrictions on use and delivery.*

(1) No plastics supplier shall use or deliver cellulose plastics without (i) the specific authorization in writing of the War Production Board to make the particular delivery, or (ii) general authorization to deliver specific amounts against orders for aircraft glazing sheet, or against emergency orders based on government contracts with the Armed Services supported by a written or telegraphic certification from the Armed Service involved, stating that an emergency exists. Application by a supplier for authorization to deliver shall be made pursuant to paragraph (f).

¹ Formerly Part 3263, § 3263.2.

² After March 31, 1944, the delivery, acceptance of delivery and use of acetate molding powder, as well as scrap derived from molding, will be governed by Order M-326-b.

(2) Applications and allocations under this supplementary order will be made monthly, and shall be construed to refer to the month when the materials for the production of cellulose plastics are to be put in process, rather than to the month of actual delivery, except when deliveries are to be made from existing stocks. The provisions printed in the WPB 2947 (formerly PD-602) forms for automatic termination of authorizations shall not be applicable to authorized deliveries of cellulose plastics.

(3) Each person furnishing a use certificate pursuant to paragraph (d) with a purchase order for cellulose plastics shall use or dispose of the cellulose plastics delivered on such purchase order, or products made therefrom, only for the purpose specified in such certificate, except as otherwise specifically directed by the War Production Board; provided, however, that any such person may deliver such cellulose plastics to any plastics supplier.

(4) The War Production Board, at its discretion, may from time to time issue special directions to any person with respect to use or delivery of cellulose plastics by such person, or of products made from cellulose plastics allocated to such person, and may issue special directions to any plastics supplier with respect to the kind and quantity of cellulose plastics which he may produce or manufacture.

(c) *Inventory restriction.* No person shall accept delivery of cellulose plastics on orders placed after June 8, 1943 (irrespective of authorization to his plastics supplier to make such delivery), if his inventory of cellulose plastics of the same or equivalent grade or type is, or by virtue of such acceptance would become, greater than a 60-day supply, having regard to his method and rate of processing and sales.

(d) *Use certificate.* (1) Each person placing, or seeking to place, a purchase order for cellulose plastics with a plastics supplier, shall furnish such plastics supplier with a certificate specifying the end use of such plastics, unless such purchase order is placed or such delivery is accepted pursuant to the provisions of paragraph (e). Such certificate may be placed on or attached to the purchase order and shall be in substantially the following form, signed manually or as provided in Priorities Regulation No. 7:

(End Use Description)

Pursuant to Supplementary Order M-326-a, the undersigned hereby certifies to the seller and to the War Production Board that the cellulose plastics covered by the accompanying purchase order will be used solely for the purposes listed above.

(Name of purchaser)	(Address)
By _____	(Date)
(Signature and title of duly authorized officer)	

The above certificate shall constitute a representation to, but shall not be filed with, the War Production Board.

(2) Allocations of cellulose plastics, and of cellulose ester flake to make such plastics, will be based on the essentiality of the end uses stated in the above certificates, and on the accuracy of the end use descriptions. For example, "medical appliances" would not be an acceptable description of end use, whereas "leg splints, Army (contract number)" would be acceptable. The end use description should include the governing military or Lend-Lease contract or specification numbers, if any. Plastics suppliers ordering cellulose plastics from other plastics suppliers for resale may specify as end use "resale, upon specific War Production Board authorization."

(3) In the event that two or more end uses are involved in a single purchase order, the amount of cellulose plastics required for each use shall be listed as a separate item. Each item shall bear an identifying number so that it will be possible for the plastics supplier to advise his customers, by purchase order number and item number, as to the action taken on the plastics supplier's application for authorization to make delivery.

(e) *Small order and experimental exemption.* (1) Any person may order or accept delivery of 100 pounds or less of cellulose plastic molding powder, 50 pounds or less of cellulose plastic sheets, 50 pounds or less of cellulose plastic rods, and 50 pounds or less of cellulose plastic tubes, in the aggregate from all plastics suppliers in any calendar month, without filing a certificate pursuant to paragraph (d), to be used for any purpose not limited by other War Production Board orders (paragraph (j) (2)). Authorization by the War Production Board is required for any plastics supplier to make such small order deliveries, upon application pursuant to paragraph (f) requesting an aggregate quantity of cellulose plastics "for paragraph (e) (1) small orders."

(2) Any plastics supplier may use during any calendar month for any purpose 100 pounds or less of cellulose plastic molding powder, 50 pounds or less of cellulose plastic sheets, 50 pounds or less of cellulose plastic rods, and 50 pounds or less of cellulose plastic tubes, and may use any quantity of cellulose plastics for experimental purposes (not including samples) without specific authorization, notwithstanding the provisions of paragraph (b) (1), but subject to any restrictions on use imposed by other War Production Board orders (paragraph (j) (2)).

(f) *Applications and reports.* (1) Each plastics supplier seeking authorization to deliver cellulose plastics shall file application on Form WPB-2947 (formerly Form PD-602) in the manner prescribed therein, subject to the following instructions for the purpose of this order:

Form WPB-2947 (formerly PD-602). Copies of Form WPB-2947 (formerly PD-602) may be obtained at local field offices of the War Production Board.

Time. Applications on Form WPB-2347 (formerly PD-602) shall be filed in time to ensure that copies will have reached the War Production Board on or before the 10th day of the month preceding the month in which the materials are to be put in process for the production of the cellulose plastics ordered (or the month in which the cellulose plastics are to be delivered, if delivery is to be made from existing stocks).

Number of copies. Four copies shall be prepared, of which one shall be retained by the applicant and three certified copies shall be filed with the War Production Board, Washington, D. C., Reference M-326-a.

Number of sets. Each plastics supplier shall file consolidated sets of Form WPB-2347 (formerly PD-602) applications for his various plants corresponding to his consolidated applications on Form WPB-2345 (formerly PD-600) for cellulose ester flake pursuant to Allocation Order M-326. However, separate applications on Form WPB-2347 (formerly PD-602) shall be made for cellulose plastic sheets, cellulose plastic rods and tubes, and cellulose plastic molding powder.

Heading. Under name of material, specify cellulose plastics; under War Production Board order number, specify M-326-a; specify as grade the particular cellulose plastic referred to in the application, such as cellulose plastic sheets, cellulose plastic rods and tubes, or cellulose plastic molding powder; specify delivery or production month; specify unit of measure as pounds; and otherwise fill in as indicated.

Table I. Fill in as indicated, except for columns 5 and 6a, which may be left blank. Each customer shall be listed who has filed a certificate with the applicant, together with his certified end use description. If the applicant is a producer of cellulose plastics, specify in Column 7 the quantity and grade of cellulose ester flake required to produce the cellulose plastic in question. Request may be made for small order deliveries pursuant to paragraph (e) (1).

Rolling stock requirements. Leave blank columns relating to rolling stock.

Table II. Fill in as indicated. Specify grade as in the heading of the form, without regard to trade names or sales numbers.

(2) Each plastics supplier seeking authorization to use cellulose plastics may apply as follows:

(i) By filing application pursuant to Allocation Order M-326 for cellulose ester flake, stating in such application that such flake is required for certain cellulose plastics (Column 3) for production of specified products for specified end uses (Column 4); or

(ii) By filing application on Form WPB-2947 (formerly PD-602), in the manner provided in Paragraph (f) (1) above, specifying his own name as customer in Column 1, describing the end use of the cellulose plastic in Column 1a and otherwise filling out the form as indicated therein.

It is recommended that the method described in paragraph (f) (2) (i) above be followed where the cellulose plastic for which authorization to use is requested will be manufactured from cellulose ester flake allocated pursuant to Order M-326, and that the method described in paragraph (f) (2) (ii) above be followed with respect to cellulose plastics which are in the plastics supplier's inventory on July 1, 1943, or which are subsequently manu-

factured from any stock of cellulose ester flake not subject to allocation under Order M-326.

(3) The War Production Board may require each person affected by this order to file such other reports as may be prescribed, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942, and may issue special instructions to any such person with respect to preparing and filing Form WPB-2947 (formerly PD-602) and certificates pursuant to paragraph (c).

(4) *Aircraft glazing sheet.* Purchase orders or releases against purchase orders for aircraft glazing sheet shall not be listed individually on Form WPB-2947. Suppliers shall total the orders and releases for the month for which the application is being filed. Column 1 shall read "Total deliveries against certified orders for aircraft glazing". Column 4 shall show the total quantity.

(5) *Military emergency shipments.*

(i) Suppliers may make application on Form WPB-2947 for authorization to expedite shipments against anticipated emergency war orders from the Armed Services or their contractors. Column 1 shall read: "Emergency shipments against government contract". Column 4 shall show the aggregate quantity of the proposed shipments.

(ii) On the first WPB-2947 form filed after the end of the month, suppliers shall report their emergency shipments by listing in the usual manner the customers, end-uses, and quantities. An entry shall be made in Column 7 for each such customer to show that the material was expedited and that shipment was made in the preceding month, as, for example, "Expedited—February".

(iii) In the case of emergency shipments to contractors, suppliers must obtain written or telegraphic certification from the Armed Service involved, stating that an emergency exists. Any unused material in the "emergency pool" at the end of the month shall be returned to inventory.

(g) *Plastics suppliers' intra-company deliveries.* Specific authorization shall not be required for intra-company deliveries of cellulose plastics between subdivisions of a plastics supplier, notwithstanding the provisions of § 944.12 of Priorities Regulation No. 1, as amended.

(h) *Notification of customers.* Each plastics producer is requested to notify his regular customers as soon as possible of the requirements of this order, but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(i) *Special exemption.* The provisions of paragraph (b) (1) shall not apply to cellulose plastics which were in process of manufacture on or before July 1, 1943.

(3) *Miscellaneous provisions*—(1) *Applicability of regulations.* Subject to the provisions of paragraph (g), this order and all transactions affected hereby are subject to all applicable provisions of War Production Board regulations, as amended from time to time.

(2) *Effect of other orders.* Nothing contained in this order shall be construed to limit the requirements of any other order of the War Production Board, including but not limited to Allocation Order M-326 (Cellulose Ester Flake), Limitation Order L-233 (Photographic Film and Film Base) and General Preference Order M-154 (Thermoplastics), as amended.

(3) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Communications.* All reports required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington 25, D. C., Ref.: M-326-a.

Issued this 24th day of February 1944.

PART 3293—CHEMICALS

[Allocation Order M-326-b]

CELLULOSE ACETATE AND CELLULOSE ACETATE BUTYRATE MOLDING POWDER

The fulfillment of the requirements for the defense of the United States has created a shortage in the supply of acetate molding powder for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3293.453 Allocation Order M-326-b—(a) *Definitions.* For the purpose of this order:

(1) "Acetate molding powder" means both cellulose acetate molding powder and cellulose acetate butyrate molding powder, whether produced from cellulose ester flake, from yarn or staple fibre originating from cellulose ester flake, or from trimmings resulting from the fabrication of sheeting. For the definition of cellulose ester flake and restrictions on its delivery and use, see Allocation Order M-326.

(2) "Scrap" means sprues, runners, nozzle exudations, and excess or rejected molded parts and extrusions. It also means acetate molding powder produced in whole or in part by the reworking of other scrap.

(3) "Supplier" means (i) any person in the business of making acetate molding powder or reworking scrap, (ii) any person who, for the purpose of resale, has acetate molding powder or scrap made or reworked for him under toll agreement, and (iii) any person who purchases for resale acetate molding powder or scrap.

(4) "Toll agreement" means any agreement by which title to material remains vested in a person other than the one processing the material.

(5) "Molder" means any person who manufactures molded parts or extrusions from acetate molding powder or scrap. For convenience, these molded parts and extrusions are sometimes called "acetate molding powder products".

(b) *Restrictions on deliveries.* (1) Except pursuant to authorization in writing from the War Production Board, (i) no supplier shall make any delivery of acetate molding powder or scrap, and (ii) no molder shall make any delivery of acetate molding powder or scrap to any person other than a supplier. This restriction applies also to deliveries from one branch, division or section of a supplier to another branch, division or section of the same supplier unless the receiving unit is engaged in producing acetate molding powder. The restriction does not apply to deliveries on toll agreement which are regulated by paragraph (c) (5).

(2) Application by a supplier or molder for authorization to make deliveries should be made on Form WPB-2945 (formerly PD-601) in accordance with the instructions set forth in Appendix A. Suppliers and molders will be authorized to make deliveries of fixed quantities to specified purchasers. Also, for suppliers, a lump sum quantity will be authorized for deliveries against small orders without the naming of the purchasers. Within this quantity the supplier may without further authorization make deliveries of not more than 100 pounds in any calendar month to any one purchaser* against orders received by the supplier and marked "Small Order".

(3) If the War Production Board stamps or writes the word "Defer" in column 7 of a supplier's Form WPB-2946, the supplier shall not produce or deliver any acetate molding powder or scrap to fill any orders described on the lines so marked if this interferes in any way with the production or delivery on time of other authorized orders.

(c) *Restrictions on acceptance of delivery and use.* (1) Except pursuant to authorization in writing, from the War Production Board, (i) no person (including a supplier or molder), shall accept delivery from a supplier of acetate molding powder or scrap, (ii) no person (ex-

cept a supplier) shall accept delivery of acetate molding powder or scrap from a welder, and (iii) no person shall use acetate molding powder or scrap to make an acetate molding powder product. This restriction does not, however, apply to acceptance of delivery by any person of not exceeding 100 pounds (aggregate of acetate molding powder and scrap) in any calendar month from all suppliers against orders placed with suppliers and marked "Small Order".¹ The restriction also does not apply to acceptance of delivery and use under toll agreement (see paragraph (c) (5) below), or to use of any amounts received by any person under the small order exemption.

(2) Application by a person for authorization to use or accept delivery from a supplier or molder of acetate molding powder or scrap should be made on Form WPB-2945 (formerly Form PD-600) in accordance with the instructions set forth in Appendix B. A molder requesting authorization to use or accept delivery should show on the form the end uses indicated in the certificates received by him under paragraph (d) below.

(3) If the War Production Board stamps or writes the word "Defer" in column 10 of a molder's Form WPB-2945, the molder shall not produce or deliver to his customer the acetate molding powder products described on the lines so marked, if this interferes in any way with the production and delivery on time of other products which the molder is entitled to make and deliver.

(4) Each person receiving acetate molding powder or scrap pursuant to specific authorization of the War Production Board, must use the material (and any scrap resulting from molding the material) solely for the purpose specified in a written authorization, unless and until another written authorization permitting a different use is obtained from the War Production Board. Application for a changed authorization shall be made pursuant to Appendix B.

(5) Any molder specifically authorized to use acetate molding powder or scrap, may furnish the material to another molder for processing pursuant to toll agreement: *Provided*, That he instructs the other molder to use the material for the exact purpose for which the molder making delivery has been authorized to use it. The molder who is to use the material may accept and use it pursuant to instructions without the specific authorization of the War Production Board.

(d) *Restrictions on persons acquiring acetate molding powder products.* (1) Each person placing a purchase order with a molder for acetate molding powder products, shall furnish with his order a certificate specifying the end use of the products ordered. This requirement does not, however, apply where the

¹In accordance with Interpretation 8 of Priorities Regulation 1, the small order exemption is available to each operating unit of the same company which does its own buying.

end use is apparent to the molder from his own observation and experience. The certificate may be placed on the purchase order and shall be in substantially the following form or in the form prescribed by Priorities Regulation No. 7, signed manually or as provided in that regulation:

(Description of end use)

Pursuant to Allocation Order M-326-b, the undersigned hereby certifies to the seller and to the War Production Board that the product covered by the accompanying purchase order will be used solely for the purposes listed above.

Purchaser
By _____
(Signature and title of duly authorized officer)
Address _____
Date _____

(2) If two or more end uses are involved in a single purchase order of acetate molding powder products, the amount of the product required for each different use shall be listed as a separate item in the certificate. Each item shall bear an identifying number so that it will be possible for the molder to advise his customers by purchase order number and item number as to the action taken by the War Production Board on his application for the acetate molding powder or scrap needed to make the product ordered by the customer.

(3) Even where the end use is apparent, the molder must, when the purchase is by or for the account of one of the Armed Services, receive and retain in his files written evidence of that fact and must state the contract number on his application (Form WPB-2945) pursuant to Appendix B.

(4) Each person furnishing a certified description of end use with the purchase order shall use the products delivered on such purchase order only for the purposes specified in the certificate, except as otherwise specifically authorized in writing by the War Production Board. Application for such authorization may be made by letter in triplicate addressed to the War Production Board, Chemicals Bureau, Washington 25, D. C., Reference M-326-b, setting forth the material facts.

(e) *Reports.* Each supplier and each molder shall file such reports as may be required from time to time by the War Production Board subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(f) *Miscellaneous provisions.*—(1) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable provisions of the regulations of the War Production Board as amended from time to time.

(2) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction

may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

—(3) *Communications.* All reports required to be filed hereunder and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Bureau, Washington 25, D. C., Reference M-326-b.

(g) *Effective date.* This order shall become effective on April 1, 1944, except that acetate molding powder authorized for delivery under Order M-326-a prior to April 1, 1944, may subsequently be delivered and accepted, and used for the purposes certified by the molder.

Issued this 24th day of February 1944.

WAR PRODUCTION BOARD,

Recording Secretary.

APPENDIX A—INSTRUCTIONS FOR APPLICATIONS FOR AUTHORIZATIONS TO DELIVER

General. Each person seeking authorization to deliver acetate molding powder or scrap, shall file application on Form WPB-2945 (formerly Form PD-601) in the manner prescribed therein subject to the following instructions:

Form WPB-2945 (formerly Form PD-601). Copies may be obtained at local field offices of the War Production Board.

Time of filing. Applications shall be filed in time to insure that copies will have reached the War Production Board on or before the 20th day of the month preceding the month for which allocation is requested.

Number of copies. An original and three copies shall be sent to the War Production Board, Chemicals Bureau, Washington 25, D. C., Reference M-326-b.

Number of sets. Each supplier shall file a separate set of applications for cellulose acetate molding powder and cellulose acetate butyrate molding powder; but each set shall cover all his plants and places of distribution.

Heading. Under "Name of Chemical" specify "Cellulose acetate molding powder" or "Cellulose acetate butyrate molding powder", as the case may be; under "WPB Order Number" specify "M-326-b"; under "This schedule is for deliveries to be made during the month of", specify delivery month; under "Unit of Measure" give pounds; and otherwise fill in as indicated.

Table I. Fill in as indicated, listing customers alphabetically. It is not necessary, however, to list customers to whom small order deliveries will be made pursuant to paragraph (b) (2) of Order M-326-b. Instead, the supplier should state in Column 1 "Total small order deliveries" and should enter in Column 4, as one lump sum, the total quantity proposed to be delivered.

Rolling Stock. Leave blank columns at end of Table I relating to rolling stock requirements.

Table II. In lieu of a listing of each separate grade in Column 8, one listing should ordinarily be made for cellulose acetate molding powder and one for cellulose acetate butyrate molding powder. However, list separately any grade or sub-class such as scrap. Also type in Column 8, the words

"Total Small Order Deliveries" and give a figure in Column 9, representing actual deliveries last month.

APPENDIX B—INSTRUCTIONS FOR APPLICATIONS FOR AUTHORIZATIONS TO ACCEPT DELIVERY AND TO USE

General. Each person seeking authorization to accept delivery of acetate molding powder or scrap or to use it, shall file application on Form WPB-2945 (formerly Form PD-600) in the manner described therein, subject to the following instructions:

Form WPB-2945 (formerly Form PD-600). Copies may be obtained at local field offices of the War Production Board.

Time of filing. Applications shall be made in time to insure that copies will have reached the person who is to furnish the material and the War Production Board on or before the 15th day of the month preceding the month for which authorization to use or to accept delivery is sought.

Number of copies. One copy of Form WPB-2945 shall be forwarded by the applicant to the person who is to furnish the material and on this copy Tables II, III, and IV may be left blank. The original and three copies shall be sent to the War Production Board, Chemicals Bureau, Washington 25, D. C., Reference M-326-b. The original shall be completely filled out, but on copies, Tables II and III should be left blank. The original must be signed.

Number of sets. A separate set of WPB-2945 forms shall be submitted for each person on whom orders are placed by each operating unit of the applicant which does its own buying of acetate molding powder. A separate set of forms shall be filed if the applicant is seeking permission to use material (including scrap generated by the applicant) for an end use other than that for which it was originally acquired.

Heading. Under "Name of Chemical" specify "Cellulose Acetate Molding Powder" and/or "Cellulose Acetate Butyrate Molding Powder"; under "WPB Order No.", specify "M-326-b"; under "Unit of Measure", specify "Pounds"; and otherwise fill in as indicated. If the application is for permission to use material (including scrap generated by the applicant) for an end use other than the one for which it was obtained, insert the words "From Inventory" under the heading "Your Supplier's Name".

Table I. Specify in the heading the calendar month for which authorization to use or accept delivery is sought.

Column 1. Specify supplier's grade number of material. If scrap is requested, identify as "Scrap".

Column 2. Specify separately the quantities (in pounds, net) required for each primary product and end use specified in Columns 3 and 4.

Column 3. Describe the product to be produced and identify by giving its function. For example, specify "thread protector for aircraft engines", not merely "thread protector" or "aircraft". If end use is apparent to the product manufacturer (Paragraph (d) (1)) specify e. g., "combs", "buttons"; however, any item for the Armed Services should be so specified; e. g., "Combs, Army" and followed with the Army contract number.

Column 4. Opposite each primary product listed in Column 3, specify in Column 4, end use as stated in certified descriptions of use, or in the absence of such certificates, on the basis of the applicant's own observation and experience. Indicate governing military or Land-lease contract or specification numbers, if any.

Opposite "Resale" or "Inventory" in Column 3, write in Column 4 "subject to further authorization".

Columns 9 and 10. Leave blank.

Table II. Make one listing in Column 11 covering the total of all grades of acetate molding powder. Then specify separately in Column 11 each grade listed in Column 1 of the application.

When reporting scrap state "scrap" in Column 11 and fill in as instructed. If scrap has been shipped to a supplier during the previous month, it should be reported in Table II, naming recipient of the material.

Table III. Fill in Columns 17 and 18 as indicated, and leave Column 19 blank.

Table IV. Leave blank.

Table V. Leave blank.

[Allocation Order M-338 as Amended Feb. 24, 1944]

PENICILLIN

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of penicillin for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

(2) "Supplier" means any person who produces penicillin, imports penicillin, or purchases penicillin for resale as penicillin, but shall not include any retail pharmacist, hospital or physician.

(b) *Restrictions on delivery and use.*
(1) Any supplier must obtain specific written authorization of the War Production Board to use or deliver penicillin, except in the case of (i) deliveries of samples to the Food and Drug Administration, Washington, D. C., and (ii) use by any producer of samples of his own production for making production control and standardization tests solely for potency, sterility, toxicity, pyrogens, moisture and stability. No person shall accept delivery of any penicillin which he knows, or has reason to believe, is delivered in violation of this order.

(2) The War Production Board at its discretion may at any time issue special directions with respect to use, delivery or production of penicillin by any person.

(c) *Applications and reports.* (1) Each supplier seeking authorization to use or deliver penicillin shall file application on Form WPB-2947 (formerly PD-602), as provided in the instructions

(2) Normally the War Production Board will issue its authorizations and directions with respect to use or deliveries of penicillin on Form WPB-2947 and will, so far as practicable, return such form containing its authorization or direction prior to the beginning of the month for which authorization to use or deliver is sought.

(3) In the event that any person shall be unable, for any reason, to use or deliver penicillin in accordance with the authorization or direction of the War Production Board, such person shall immediately give notice to the War Production Board, and shall not, in the absence of further specific authorization or direction from the War Production Board use or dispose of the penicillin.

(4) Each producer shall file an additional report, also on Form WPB-2947 as provided in the instructions in Exhibit B annexed hereto. This report is for the purpose of advising the War Production Board as to the exact distribution which has been made of penicillin produced during the preceding calendar month. This reporting requirement has been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

NOTE: Paragraph (5), formerly (2), redesignated Feb. 24, 1944.

(5) The War Production Board may require each person affected by this order to file such other reports as may be prescribed, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942, and may issue special instructions to any such person with respect to preparing and filing Form WPB-2947 (formerly PD-602).

regulation applies. This regulation applies to all rooms in hotels and rooming houses within each of the defense-rental areas and each of the portions of a defense-rental area (each of which is referred to hereinafter in this regulation as the "Defense-Rental Area"), which are listed in Schedule A of this regulation, except as provided in paragraph (b) of this section.

In Schedule A, "the maximum rent date" and "the effective date of regulation" is given for each Defense-Rental Area listed. More than one effective date is given for different portions of a Defense-Rental Area where the same effective date is not applicable to the entire Defense-Rental Area. Wherever the words "the maximum rent date" or the words "the effective date of regulation" are referred to in this regulation, the dates given in Schedule A for the particular Defense-Rental Area or portion of the Defense-Rental Area in which the room is located shall apply. The effective date listed in Schedule A in each instance is the date rent regulation was effective in the particular Defense-Rental Area or portion of the Defense-Rental Area for rooms in hotels and rooming houses.

(b) *Housing to which this regulation does not apply.* This regulation does not apply to the following:

(1) *Farming tenants.* Rooms situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon.

(2) *Service employees.* Rooms occupied by domestic servants, caretakers, managers, or other employees to whom the rooms are provided as part of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the rooms are a part.

(3) *Charitable or educational institutions.* Rooms in hospitals, or rooms of charitable or educational institutions used in carrying out their charitable or educational purposes.

The exemption provided by this paragraph (b) (5) shall be effective only from June 1, 1944 to September 30, 1944, inclusive.

[Subparagraph (5) as amended by Am. 14, effective 2-24-44]

provisions are inconsistent with this regulation.

(d) *Waiver of benefit void.* An agreement by the tenant to waive the benefit of any provision of this regulation is void. A tenant shall not be entitled by reason of this regulation to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of regulation.

(e) *Election by landlord to bring housing under this regulation.* Where a building or establishment which does not come within the definitions of a hotel or rooming house contains one or more furnished rooms or other furnished housing accommodations rented on a daily, weekly, or monthly basis, the landlord may, with the consent of the Administrator, elect to bring all housing accommodations within such building or establishment under the control of this regulation. A landlord who so elects shall file a registration statement under this regulation for all such housing accommodations, accompanied by a written request to the Administrator to consent to such election.

If the Administrator finds that the provisions of this regulation establishing maximum rents are better adapted to the rental practices for such building or establishment than the provisions of the Rent Regulation for Housing, he shall consent to the landlord's election. Upon such consent, all housing accommodations within such building or establishment which are or hereafter may be rented or offered for rent shall become subject to the provisions of this regulation, and shall be considered rooms within a rooming house for the purposes of the provisions relating to eviction.

The landlord may at any time, with the consent of the Administrator, revoke his election, and thereby bring under the control of the Rent Regulation for Housing all housing accommodations previously brought under this regulation by such election. He shall make such revocation by filing a registration statement or statements under the Rent Regulation for Housing, including in such registration statement or statements all housing accommodations brought under this regulation by such election. Such registration statement or statements shall be accompanied by a written request to the Administrator to consent to such revocation. The Administrator may defer action on such request if he has taken or is about to take action to decrease the maximum rents of any housing accommodations within such building or establishment. If the Administrator finds that the revocation so requested will not result in substantial increases in the maximum rents of housing accommodations affected by such revocation, he shall give such consent. Upon such consent, all housing accommodations affected by such revocation shall become subject to the provisions of the Rent Regulation for Housing.

Sec. 2. Prohibition—(a) *Prohibition against higher than maximum rents.*

Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand or receive any rent for use or occupancy on and after the effective date of regulation of any room in a hotel or rooming house within the Defense-Rental Area higher than the maximum rents provided by this regulation; and no person shall offer, solicit, attempt, or agree to do any of the foregoing. Lower rents than those provided by this regulation may be demanded or received.

(b) *Terms of occupancy*—(1) *Tenant not required to change term of occupancy.* No tenant shall be required to change his term of occupancy.

(2) *Term of occupancy during June 1942.* Where, during June 1942, a room was rented or offered for rent for a weekly or monthly term of occupancy, the landlord shall continue to offer the room for rent for that term of occupancy except that he is not required to rent for that term more than the greatest number of rooms which were rented for the term at any one time during June 1942. However, if, during the year ending on June 30, 1942, a landlord had regular and definite seasonal practices with reference to the renting of rooms on a weekly or monthly basis, he may request the Administrator to approve such practices. When approval is given the landlord shall offer rooms for rent for weekly and monthly terms of occupancy pursuant to the practices so approved. The Administrator may withdraw approval at any time if he finds that the landlord has failed to conform to such practices, or if he finds that the effects of the approval are inconsistent with the Act or this regulation or are likely to result in the circumvention or evasion thereof.

(3) *Request by tenant to change term of occupancy.* Any tenant on a daily or weekly term of occupancy shall on request be permitted by the landlord to change to a weekly or monthly term unless the landlord is then renting for such term a number of rooms equal to the number which he is required to rent for that term under subparagraph (2). If the room occupied by such tenant was not rented or offered for rent for such term during June 1942, the landlord may transfer the tenant to a room, as similar as possible, which was so rented or offered for rent.

(4) *Monthly term of occupancy in tourist camps, etc.* Where, since October 1, 1942, a room, cabin, or similar accommodations in a tourist camp, cabin camp, auto court or similar establishment has been or is hereafter rented to the same tenant for a continuous period of 60 days or longer on a daily or weekly basis, the landlord shall offer such room, cabin or other accommodations for rent for a monthly term of occupancy, regardless of the provisions of subparagraph (2) of this paragraph. The room, cabin or other accommodations shall be offered for rent on a monthly basis for each number of occupants for which it is offered by the land-

lord for any other term of occupancy. Any tenant of such room, cabin or other accommodations on a daily or weekly basis shall on request be permitted by the landlord to change to a monthly term of occupancy.

Notwithstanding the provisions of section 4 (c) of this regulation, if no maximum rent is established for such room, cabin or other accommodations for a monthly term of occupancy or for a particular number of occupants for such term, the Administrator on his own initiative may enter an order fixing the maximum rent for that term and number of occupants and specifying the minimum services. This maximum rent shall be fixed on the basis of the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date.

(5) *Defense-Rental Areas with maximum rent date later than March 1, 1942.* In Defense-Rental Areas with a maximum rent date later than March 1, 1942, in section 2 (b) (2) the words "June 1943" shall be substituted for the words "June 1942" and the words "June 30, 1943" shall be substituted for the words "June 30, 1942"; in section 2 (b) (3) the words "June 1943" shall be substituted for the words "June 1942"; and in section 2 (b) (4) the words "the maximum rent date" shall be substituted for the words "October 1, 1942."

[Subparagraph (5) added by Am. 10, 8 F.R. 16893, effective 12-16-43].

Sec. 3. *Minimum services, furniture, furnishings, and equipment.* Except as set forth in section 5 (b), every landlord shall, as a minimum, provide with a room the same essential services, furniture, furnishings and equipment as those provided on the date or during the thirty-day period determining the maximum rent, and as to other services, furniture, furnishings, and equipment not substantially less than those provided on such date or during such period; *Provided, however,* That where fuel oil is used to supply heat or hot water for a room, and the landlord provided heat or hot water on the date or during the thirty-day period determining the maximum rent, the heat and hot water which the landlord is required to supply shall not be in excess of the amount which he can supply under any statute, regulation or order of the United States or any agency thereof which rations or limits the use of fuel oil.

Sec. 4. *Maximum rents.* This section establishes separate maximum rents for different terms of occupancy (daily, weekly or monthly) and numbers of occupants of a particular room. Maximum rents for rooms in a hotel or rooming house (unless and until changed by the Administrator as provided in section 5) shall be:

(a) *Rented or regularly offered during maximum rent period.* For a room rented or regularly offered for rent during the thirty days ending on the maximum rent date, the highest rent for each

term or number of occupants for which the room was rented during that thirty-day period, or, if the room was not rented or was not rented for a particular term or number of occupants during that period, the rent for each term or number of occupants for which it was regularly offered during such period.

(b) *First rented or regularly offered after maximum rent period.* For a room neither rented nor regularly offered for rent during the thirty days ending on the maximum rent date, the highest rent for each term or number of occupants for which the room was rented during the thirty days commencing when it was first offered for rent after the maximum rent date; or, if the room was not rented or was not rented for a particular term or number of occupants during that period, the rent for each term or number of occupants for which it was regularly offered during such period.

(c) *First rent after maximum rent date where no maximum rent established under (a) or (b).* For a room rented for a particular term or number of occupants for which no maximum rent is established under paragraphs (a) or (b) of this section the first rent for the room after the maximum rent date for that term and number of occupants, but not more than the maximum rent for similar rooms for the same term and number of occupants in the same hotel or rooming house.

(d) *Rooms constructed and owned by the government.* For a room constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State or any of its political subdivisions, and owned by any of the foregoing, the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date, as determined by the owner of such room: *Provided, however,* That any corporation formed under the laws of a State shall not be considered an agency of the United States within the meaning of this paragraph. The Administrator may order a decrease in the maximum rent as provided in section 5 (c) (1).

(e) *Meals with room.* For a room with which meals were provided during the thirty-day period determining the maximum rent without separate charge therefor, the rent apportioned by the landlord from the total charge for the room and meals. The landlord's apportionment shall be fair and reasonable and shall be reported in the registration statement for such room. The Administrator at any time on his own initiative or on application of the tenant may by order decrease the maximum rent established by such apportionment, if he finds that the apportionment was unfair or unreasonable.

Every landlord who provides meals with accommodations shall make separate charges for the two.

In Defense-Rental Areas with a maximum rent date of March 1, 1942 or ear-

Her, no landlord shall require the taking of meals as a condition of renting any room unless the room was rented or offered for rent on that basis on June 15, 1942. In Defense-Rental Areas with a maximum rent date later than March 1, 1942, no landlord shall require the taking of meals as a condition of renting any room unless the room was rented or offered for rent on that basis on the maximum rent date.

[Above two paragraphs as amended by Am. 10, 8 F.R. 16893, effective 12-16-43]

(f) *Rooms subject to rent schedule of War or Navy Department.* For a room rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department, the rents established by such rent schedule.

[Paragraph (f) as amended by Am. 5, 8 F.R. 12795, effective 9-20-43]

SEC. 5. *Adjustments and other determinations.* In the circumstances enumerated in this section, the Administrator may issue an order changing the maximum rents otherwise allowable or the minimum services required. Except in cases under paragraphs (a) (7) and (c) (4) of this section, every adjustment of a maximum rent shall be on the basis of the rent which the Administrator finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date: *Provided, however,* That no maximum rent shall be increased because of a major capital improvement or an increase in services, furniture, furnishings or equipment, by more than the amount which the Administrator finds would have been on the maximum rent date the difference in the rental value of the accommodations by reason of such improvement or increase: *And provided, further,* That no adjustment shall be ordered because of a major capital improvement, an increase or decrease in services, furniture, furnishings, or equipment, or a deterioration, where it appears that the rent during the thirty-day period determining the maximum rent was fixed in contemplation of and so as to reflect such change. In cases involving construction due consideration shall be given to increased costs of construction, if any, since the maximum rent date. In cases under paragraphs (a) (7) and (c) (4) of this section the adjustment shall be on the basis of the rents which the Administrator finds were generally prevailing in the Defense-Rental Area for comparable housing accommodations during the year ending on the maximum rent date.

(a) *Grounds for increase of maximum rents.* Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable, only on the ground that:

(1) *Major capital improvement since maximum rent period.* There has been, since the thirty-day period or the order determining the maximum rent for the room, a substantial change in the room

by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) *Major capital improvement prior to maximum rent date.* There was, on or prior to the maximum rent date, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement and maintenance, and the rent during the thirty-day period ending on the maximum rent date, was fixed by a lease or other rental agreement which was in force at the time of such change.

(3) *Substantial increase in services, furniture, furnishings or equipment.* There has been a substantial increase in the services, furniture, furnishings or equipment provided with the room since the thirty-day period or the order determining its maximum rent.

(4) *Special relationship between landlord and tenant.* The rent during the thirty-day period determining the maximum rent was materially affected by the blood, personal or other special relationship between the landlord and the tenant, or by an allowance or discount to a tenant of a class of persons to whom the landlord regularly offered such an allowance or discount, and as a result was substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date.

(5) *Lease for term commencing one year or more before maximum rent date.* There was in force on the maximum rent date a written lease, for a term commencing on or prior to the date one year before the maximum rent date, requiring a rent substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date.

(6) *Varying rents.* The rent during the thirty-day period determining the maximum rent was established by a lease or other rental agreement which provided for a substantially higher rent at other periods during the term of such lease or agreement.

(7) *Seasonal demand.* The rent during the thirty-day period determining the maximum rent for the room was substantially lower than at other times of year by reason of seasonal demand for such room. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(b) *Decreases in minimum services, furniture, furnishings and equipment—*

(1) *Decreases existing on effective date.* If, on the effective date of this regulation, the services provided for a room are less than the minimum services required by section 3, the landlord shall either restore and maintain such minimum services, or, within 30 days (or, within 60 days for rooms within the Los Angeles Defense-Rental Area), after such effective date, file a petition requesting approval of the decreased services. If, on such effective date (or, on December 1,

1942 where the effective date of regulation is prior to that date), the furniture, furnishings or equipment provided with a room are less than the minimum required by section 3, the landlord shall, within 30 days after such date, file a written report showing the decrease in furniture, furnishings or equipment.

(2) *Decreases after effective date.* Except as above provided, the landlord shall, until the room becomes vacant, maintain the minimum services, furniture, furnishings and equipment unless and until he has filed a petition to decrease the services, furniture, furnishings or equipment and an order permitting a decrease has been entered thereon; however, if it is impossible to provide the minimum services, furniture, furnishings or equipment he shall file a petition within 10 days after the change occurs. When the room becomes vacant the landlord may, on renting to a new tenant, decrease the services, furniture, furnishings or equipment below the minimum; within 10 days after so renting the landlord shall file a written report showing such decrease.

(3) *Adjustment in maximum rent for decreases.* The order on any petition under this paragraph may require an appropriate adjustment in the maximum rent; and any maximum rent for which a report is required by this paragraph may be decreased in accordance with the provisions of section 5 (c) (3). If the landlord fails to file the petition or report required by this paragraph within the time specified, or decreases the services, furniture, furnishings or equipment without an order authorizing such decrease where such order is required, the rent received by the landlord for any rental period commencing on or after such decrease or the effective date of regulation (or December 1, 1942 where the effective date of regulation is prior to that date), whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by any order decreasing the maximum rent on account of such decrease in services, furniture, furnishings, or equipment. In such case, any order decreasing the maximum rent shall be effective to decrease such rent from the beginning of the first rental period after the decrease in services, furniture, furnishings or equipment or after the effective date of regulation (or after December 1, 1942 where the effective date of regulation is prior to that date), whichever is the later. The foregoing provisions and any refund thereunder do not affect any civil or criminal liability provided by the Act for failure to comply with any requirement of this paragraph.

(c) *Grounds for decrease of maximum rent.* The Administrator at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) *Rent higher than rent generally prevailing.* The maximum rent for the room is higher than the rent generally prevailing in the Defense-Rental Area

for comparable housing accommodations on the maximum rent date.

(2) *Substantial deterioration.* There has been a substantial deterioration of the room other than ordinary wear and tear since the date or order determining its maximum rent.

(3) *Decrease in services, furniture, furnishings or equipment.* There has been a decrease in the minimum services, furniture, furnishings or equipment required by section 3 since the date or order determining the maximum rent.

(4) *Seasonal demand.* The rent on the date determining the maximum rent for the room was substantially higher than at other times of year by reason of seasonal demand for such room. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(d) *Orders when facts are in dispute, in doubt, or not known.* If the rent on the date determining the maximum rent, or any other fact necessary to the determination of the maximum rent, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Administrator on petition of the landlord filed within 30 days after the effective date of regulation, or at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact; or if the Administrator is unable to ascertain such fact he shall enter the order on the basis of the rent which he finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date.

(e) *Interim orders.* Where a petition is filed by a landlord on one of the grounds set out in paragraph (a) or (d) of this section, or a proceeding is initiated by the Administrator under paragraph (d), the Administrator may enter an interim order increasing or fixing the maximum rent until further order, subject to refund by the landlord to the tenant of any amount received in excess of the maximum rent established by final order in such proceeding. The receipt by the landlord of any rent authorized by such interim order shall constitute an agreement by the landlord with the tenant to refund to the tenant any amount received in excess of the maximum rent established by final order. The landlord shall make such refund either by repayment in cash or, where the tenant remains in occupancy after the effective date of the final order, by deduction from the next installment of rent, or both.

[Paragraph (e) added by Am. 8, 8 F.R. 16032, effective 11-25-43]

SEC. 6. Removal of tenant—(a) Restrictions on removal of tenant. So long as the tenant continues to pay the rent to which the landlord is entitled, no tenant of a room within a hotel or rooming house shall be removed from such room, by action to evict or to recover possession, by exclusion from possession, or otherwise, nor shall any person attempt

such removal or exclusion from possession, notwithstanding that such tenant has no lease or that his lease or other rental agreement has expired or otherwise terminated unless:

(1) *Tenant's refusal to renew lease.* The tenant, who had a written lease or other written rental agreement, has refused upon demand of the landlord to execute a written extension or renewal thereof for a further term of like duration but not in excess of one year but otherwise on the same terms and conditions as the previous lease or agreement except insofar as such terms and conditions are inconsistent with this regulation; or

(2) *Tenant's refusal of access.* The tenant has unreasonably refused the landlord access to the room for the purpose of inspection or of showing the room to a prospective purchaser, mortgagee or prospective mortgagee, or other person having a legitimate interest therein: *Provided, however,* That such refusal shall not be ground for removal or eviction if such inspection or showing of the room is contrary to the provisions of the tenant's lease or other rental agreement; or

(3) *Violating obligation of tenancy or committing nuisance.* The tenant (i) has violated a substantial obligation of his tenancy, other than an obligation to pay rent, and has continued, or failed to cure such violation after written notice by the landlord that the violation cease or (ii) is committing or permitting a nuisance or is using or permitting a use of the room for an immoral or illegal purpose; or

(4) *Demolition or alteration by landlord.* The landlord seeks in good faith to recover possession for the immediate purpose of demolishing the room or of substantially altering or remodeling it in a manner which cannot practicably be done with the tenant in occupancy and the plans for such alteration or remodeling have been approved by the proper authorities, if such approval is required by local law; or

(5) *Room not offered for rent.* The landlord seeks in good faith not to offer the room for rent. If a tenant has been removed or evicted from a room under this paragraph (a) (5), the landlord shall file a written report on a form provided therefore before renting the room during a period of 6 months after such removal or eviction.

(b) *Administrator's certificate.* No tenant shall be removed or evicted on grounds other than those stated above unless, on petition of the landlord, the Administrator certifies that the landlord may pursue his remedies in accordance with the requirements of the local law. The Administrator shall so certify if the landlord establishes that removals or evictions of the character proposed are not inconsistent with the purposes of the Act or this regulation and would not be likely to result in the circumvention or evasion thereof.

(c) *Notice to Area Rent Office.* At the time of commencing any action to remove or evict a tenant (except an action based on non-payment of a rent not in excess of the maximum rent) the landlord shall give written notice thereof to the Area Rent Office stating the title and number of the case, the court in which it is filed, the name and address of the tenant and the grounds on which eviction is sought.

(d) *Exceptions from section 6.* The provisions of this section do not apply to:

(1) *Subtenants.* A subtenant or other person who occupied under a rental agreement with the tenant where removal or eviction of the subtenant or other such occupant is sought by the landlord of the tenant, unless under the local law there is a tenancy relationship between the landlord and the subtenant or other such occupant.

(2) *Daily or weekly tenants in hotel and daily tenants in rooming house.* A tenant occupying a room within a hotel on a daily or weekly basis; or a tenant occupying on a daily basis a room within a rooming house which has heretofore usually been rented on a daily basis: *Provided,* That the provisions of this section do apply to a tenant on a daily or weekly basis who has requested a weekly or monthly term of occupancy pursuant to section 2 (b) (3) or (4).

(3) *Rooms subject to rent schedule of War or Navy Department.* Rooms rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

(4) *One or two occupants.* An occupant of a furnished room or rooms not constituting an apartment, located within the residence occupied by the landlord or his immediate family, where such landlord rents to not more than two occupants within such residence.

(5) *Renting to family in landlord's residence.* A family which on or after August 1, 1943 moves into a furnished room or rooms not constituting an apartment, located within the residence occupied by the landlord or his immediate family, where such landlord does not rent to any person within such residence other than those in the one family.

[Subparagraph (5) added by Am. 2, 8 F.R. 10618, effective 8-1-43]

(e) *Local law.* No provision of this section shall be construed to authorize the removal of a tenant unless such removal is authorized under the local law.

SEC. 7. Registration and records—(a) Registration statement. On or before the date specified in Schedule A of this regulation every landlord of a room rented or offered for rent shall file a written statement on the form provided therefor, containing such information as the Administrator shall require, to be known as a registration statement. Any maximum rent established after the effective date of regulation under para-

graphs (b) or (c) of section 4 shall be reported either on the first registration statement or on a statement filed within 5 days after such rent is established.

(b) *Posting maximum rents.* Within 45 days after the effective date of regulation (or, on or before May 31, 1943 as to rooms within the Cincinnati Defense-Rental Area), every landlord shall post and thereafter keep posted conspicuously in each room rented or offered for rent a card or sign plainly stating the maximum rent or rents for all terms of occupancy and for all numbers of occupants for which the room is rented or offered for rent. Where the taking of meals by the tenant or prospective tenant is a condition of renting such room, the card or sign shall so state. Should the maximum rent or rents for the room be changed by order of the Administrator the landlord shall alter the card or sign so that it states the changed rent or rents.

The foregoing provisions of this paragraph shall not apply to rooms under section 4 (d). The owner of such rooms shall post a copy of the registration statement in a place where it will be available for inspection by the tenants of such rooms.

(c) *Receipt for amount paid.* No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

(d) *Rooms subject to rent schedule of War or Navy Department.* The provisions of this section shall not apply to rooms rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments for which the rent is fixed by the national rent schedule of the War or Navy Department.

(e) *Records.*—(1) *Existing records.* Every landlord of a room rented or offered for rent shall preserve, and make available for examination by the Administrator, all his existing records showing or relating to (i) the rent for each term and number of occupants for which such room was rented or regularly offered for rent during the thirty-day period determining the maximum rent for such room, (ii) the rent on any date determining a maximum rent for such room for a particular term and number of occupants under section 4 (c), (iii) rooms rented and offered for rent on a weekly and monthly basis during June 1942, in Defense-Rental Areas with a maximum rent date of March 1, 1942 or earlier, and (iv) rooms rented and offered for rent on a weekly and monthly basis during June 1943, in Defense-Rental Areas with a maximum rent date later than March 1, 1942.

[Subparagraph (1) as amended by Am. 10, 8 F.R. 16893, effective 12-16-43]

(2) *Record keeping.* On and after the effective date of regulation (or on and after October 19, 1942 where the effective date of regulation is prior to that date), every landlord of an establishment containing more than 20 rooms rented

or offered for rent shall keep, preserve, and make available for examination by the Administrator, records showing the rents received for each room, the particular term and number of occupants for which such rents were charged, and the name and permanent address of each occupant; every other landlord shall keep, preserve, and make available for examination by the Administrator, records of the same kind as he has customarily kept relating to the rents received for rooms.

Sec. 8. *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of a room and any tenant shall permit such inspection of the room by the Administrator as he may from time to time require.

Sec. 9. *Evasion.* The maximum rents and other requirements provided in this regulation shall not be evaded, either directly or indirectly in connection with the renting or leasing or the transfer of a lease of a room, by requiring the tenant to pay or obligate himself for membership or other fees, or by modification of the practices relating to payment of commissions or other charges, or by modification of the services furnished with the room, or otherwise.

Sec. 10. *Enforcement.* Persons violating any provisions of this regulation are subject to criminal penalties, civil enforcement actions, and suits for treble damages as provided for by the Act.

Sec. 11. *Procedure.* All registration statements, reports and notices provided for by this regulation shall be filed with the Area Rent Office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Revised Procedural Regulation No. 3, (§§ 1300.201 to 1300.253, inclusive).

Sec. 12. *Petitions for amendment.* Persons seeking any amendment of general applicability to any provision of this regulation may file petitions therefor in accordance with Revised Procedural Regulation No. 3 (§§ 1300.201 to 1300.253, inclusive).

[MPR 373;² Amdt. 40]

FISH IN HAWAII

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 20 (a) is amended to read as follows:

(a) *Maximum prices.* Maximum prices are established on fish caught in the waters of or adjacent to the Territory of Hawaii. The prices established by this section are maximum prices per pound for the whole fish or any portion thereof.

* 8 F.R. 16997.

* 8 F.R. 17201.

* 8 F.R. 5388, 6359, 6849, 7200, 7457, 8064, 8550, 10270, 10666, 10984, 11247, 11437, 11849, 12299, 12703, 13023, 13342, 13500, 14139, 14305, 14688, 15253, 15369, 15851, 15852, 15862, 16866, 16997, 17201, 9 F.R. 173, 393.

(1) The maximum price for fish sold or delivered on each island specified in Tables A to E inclusive, shall be the maximum price set forth for the fish listed or described in the table applicable to such island. The place where the seller parts with physical possession of the fish shall determine the applicable table except that where a delivered sale is made of fish shipped from one island to another island the maximum price shall be the maximum price set forth for such sale on the island in the table applicable to deliveries on the island of destination. Prices are established in each table: (1) Ex-dock, (2) Delivered retailer, (3) At retail. The maximum prices set forth "delivered retailer" are maximum prices delivered to the retailer's or other purchaser's customary receiving point according to usual trade practice. The maximum prices on sales or deliveries to persons customarily purchasing from wholesalers of fish such as commercial, industrial or institutional users or the Armed Forces of the United States, shall be the prices set forth as "maximum price delivered retailer." If delivery is made at a point other than the customary receiving point of the buyer, the seller shall deduct from the respective maximum price "delivered retailer" the cost of transporting the fish to the buyer's customary receiving point so that the aggregate price paid by the buyer for the fish and the cost of transportation to buyer's customary receiving point shall not exceed the maximum price "delivered retailer".

(2) In the event the fish is sold at or near the dock to be delivered to a wholesaler, at a place other than at or near the dock, the seller may add to the ex-dock maximum price the transportation charges incurred by the seller for such delivery, not to exceed public (contract or common) carrier rates, provided that the transportation charges are separately stated on the invoice.

(3) Where no retail maximum price for a steak or fillet of a particular fish is listed in the applicable table of Tables A to E, inclusive, the maximum price at retail for such unlisted steak or fillet shall be double the "maximum price delivered retailer" listed in the applicable table for the particular fish from which the steak or fillet is derived.

This amendment shall become effective as of February 15, 1944.

ORDER REGARDING LEASED SITES

FEBRUARY 18, 1944.

Executive Order No. 4366 of January 14, 1926, which withdrew from settlement and all forms of appropriation certain therein-described public lands in and bordering upon Lake Tsala Apopka in T. 18 S., R. 19 E., and Tps. 18, 19, and 20 S., R. 20 E., Tal. M., Florida, for classification and in aid of legislation, was revoked by Public Land Order 206 of February 3, 1944. The lands covered by the withdrawal order were unsurveyed at that time. The plats of survey of these lands were officially filed in 1929, and anyone having a prior valid right was afforded opportunity to assert the same at that time.

On February 3, 1944, the Secretary of the Interior classified the following-described public lands in the area referred to above for leasing under the Five-Acre Tract Act of June 1, 1938 (52 Stat. 609; 43 U.S.C. 682a), as home, cabin, camp, health, convalescent, recreational, and business sites.

There are 14 islands, ranging in size from 0.29 to 8.82 acres, and several shoreland areas of 0.88 to 2.65 acres and one containing 21.87 acres.

Lot 1 sec. 33, T. 18 S., R. 20 E., which is shoreland, will be leased in units of approximately 5 acres each, with the long dimension running east and west so that each unit may have access to the lake shore. Each lessee will be required to construct, within a reasonable time after a lease has been granted, substantial improvements of a value not less than \$300. Leases will be for a period of 5 years at an annual rental of \$5.00, payable in advance yearly, except for business sites, the rental for which will be in accordance with a schedule of graduated charges based on earnings.

Beginning at 10:00 a. m. on April 6, 1944, the lands described above will be subject to application for lease under the act of June 1, 1938, supra, based on the above-mentioned classification, by any qualified persons, in accordance with the regulations issued pursuant to the act, which are contained in Circular No. 1470 as amended.
